

2009 Summer Supplemental Loan Application

Name (printed) Social Security Number

Number of courses you will be taking:

Session 1: _____ Session 2: _____ Session 3: _____

CPE Dates: _____

Internship dates: _____

Student loan amount requested for summer 2009: \$ _____.

Did you receive a Federal Subsidized or Unsubsidized Federal Loan during the 2008/2009 school year? Yes _____ no _____

My student loan lender is: _____

If you applied for aid in the 2008/2009 school year and have loan eligibility remaining we will attempt to meet your request with loan proceeds from the current year. If you did not attend this year or borrowed the maximum we will need a completed financial aid file for the 2009/2010 school year before we can process your loan. Be aware that if we need to use 2009/2010 funds you will have less eligibility available to your for the regular school year.

When you return this form the financial aid office will make a determination on you eligibility. You should receive an award letter and loan information within three weeks from the time you return this form – **completed**. Should there be any problems our office will contact you. Regardless of the number of sessions you attend during the summer your student loan will come in two disbursements if it is a summer only loan. The exception to this is if the summer disbursement is the first disbursement of the 2009/2010 academic year or the final disbursement of the 2008/2009 academic year. The first disbursement will not come any sooner that the second week of the first term you are attending.

By my signature I agree that I will complete at least 1-½ courses (half time), CPE or internship during the 2009 summer session. If I complete less than 1-½ courses and receive a Federal Subsidized or Unsubsidized Stafford Loan I will be responsible for repaying the entire amount within 30 days of dropping to less than half time. Failure to repay will result in default of the loan.

Address where you will be during the next three weeks.
